

Aims and Scope

Clinical and Translational Neuroscience is a peer-reviewed, open access journal publishing transdisciplinary research. It is the response to the urge to bridge clinical and basic neuroscience and the different clinical neuro-disciplines. The journal's mission is to provide neuroscientists with outstanding articles that enhance patient's care, education, and professionalism.

Supporting Neuro-Societies

Produced under the direction of the Swiss Federation of Clinical Neuro-Societies (SFCNS), it is the official journal of the following neuro-societies:

- Swiss Federation of Clinical Neuro-Societies (SFCNS)
- Swiss Neurological Society (SNG)
- Swiss Society of Neuroradiology (SGNR)
- Swiss Society of Neurosurgery (SGNC)
- Swiss Headache Society (SKG)
- Swiss Neurorehabilitation Society (SGNR)
- Swiss Society of Behavioral Neurology (SSBN)
- Swiss Stroke Society (SHG)

Supporting Foundations and Institutions

- Foundation for Research in Parkinson and Movement Disorders
www.movement-disorders-symposium.ch
- Fondation pour le progrès en Neurologie
- Fondazione Neuroscienze Ticino
www.fondazioneneuroscienze.ch
- The Universitarian Neurocenters of Switzerland (Basel, Berne, Geneva, Lausanne, Zurich)

Categories of Manuscripts

- Editorials
- Original Research
- Case reports/Neuroimages/Videos
- Scientific notes
- Reviews/Mini-Reviews
- Clinical implications of neuroscience research
- Personal views
- Journal club/Conference spotlights
- Young neuroscientists
- Neuro-humanities/History of neuroscience
- Swiss corner
- Correspondance

Submission

This Journal recommends that authors follow the Uniform Requirements for Manuscripts Submitted to Biomedical Journals formulated by the International Committee of Medical Journal Editors (ICMJE).

Please read the guidelines below then visit the journal's submission site <http://mc.manuscriptcentral.com/ctn> to upload your manuscript. Please note that manuscripts not conforming to these guidelines may be returned.

Only manuscripts of sufficient quality that meet the aims and scope of *Clinical and Translational Neuroscience* will be reviewed.

Conditions

As part of the submission process you will be required to warrant that you are submitting your original work, that you have the rights in the work, that you are submitting the work for first publication in the Journal and that it is not being considered for publication elsewhere and has not already been published elsewhere, and that you have obtained and can supply all necessary permissions for the reproduction of any copyright works not owned by you.

How We Edit

Submissions are subject to a rigorous, single-blinded peer-review by at least two of our journal's more than thirty members of the editorial board. During this process, authors will be able to check the progress of their contributions through the journal's website.

Open Access

Clinical and Translational Neuroscience is an open access journal. Each article accepted by peer review is made freely available online immediately upon publication, is published under a Creative Commons license and will be hosted online in perpetuity. Publication costs of the journal are covered by the collection of article processing charges which are paid by the funder, institution or author of each manuscript upon acceptance. There is no charge for submitting a paper to the journal. For general information on open access at SAGE please visit the Open Access page or view our Open Access FAQs.

Article processing charge (APC)

If, after peer review, your manuscript is accepted for publication, a one-time article processing charge (APC) is payable. This APC covers the cost of publication and ensures that your article will be freely available online in perpetuity under a Creative Commons licence.

The article processing charge (APC) is \$1,500.

* If the paying party is based in the European Union, to comply with European law, value added tax (VAT) must be added to the APC. Providing a VAT registration number will allow an institution to be exempt from paying this tax, except for UK institutions.

Editor-in-Chief's office:

- **Editor-in-Chief**
Prof. Claudio L. A. Bassetti
Neurology Department | Inselspital, Bern University Hospital
Freiburgstrasse 18, 3010 Bern, Switzerland
Phone: +41 (0) 31 632 30 66

Publication Data:

One of the many benefits of publishing your research in an open access journal is the speed to publication. Your article will be published online in a fully citable form with a DOI number as soon as it has completed the production process. At this time it will be completely free to view and download for all.
