With the contribution of

FONDAZIONE SIR JOHN ECCLES

Dear Madame, Dear Sirs,

On behalf of the organizing committee, we would like to invite you to the "Lecture of the year 2022".

The "Lecture of the Year" has been initiated in 2009 with the support of the Fondazione Sir John Eccles to demonstrate our commitment to excellence. We had the privilege to welcome researchers from all over the world, who gave significant contributions in the field of basic and clinical neurosciences.

This year the NSI is pleased to honor Angela Vincent, MB BS FMedSci FRS, Emeritus Professor of Neuroimmunology, Honorary Research Fellow Somerville College, Former Head of Department of Clinical Neurology University of Oxford, for her outstanding contribution and pioneer work in the area of "antibody-mediated neurological disease"

The NSI in Lugano is the only Neurocenter in the Southern Italian speaking part of Switzerland and regroups all public institutions dealing with Neurology, Neuroimaging, Neurosurgery, Pain center and Ophthalmology encompassing the whole spectrum of neurosciences disciplines, in close collaboration with the USI and other Swiss and international universities and research institutions.

Hoping to welcome you, we send you our best regards,

Prof. Alain Kaelin, MD Dr. Phil.
Medical and Scientific Director NSI
