12th Lecture of the Year of the Neurocenter/Eccles - Institute of Clinical Neurosciences of Southern Switzerland

Robert MacLaren, MB ChB DPhil FRCOphth FRCS FACS FMedSci

Thursday 14th September 2023

from 17h15 to 18h45

USI Lugano - East Campus Lugano Aula A1.04,
Via la Santa 1, Viganello

and with webinar.

Registration attendance and webinar with the following link:
https://eoc-ch.zoom.us/webinar/register/WN_9k_MJ6L0RByeXMtZRuWrpQ

Supported by:

Esteemed colleagues,
Dear ladies and gentlemen,

On behalf of the organizing committee, we would like to invite you to the “Lecture of the year 2023”.

The “Lecture of the Year” has been initiated in 2009 with the support of the Fondazione Sir John Eccles to demonstrate our commitment to excellence. We had the privilege to welcome researchers from all over the world, who gave significant contributions in the field of basic and clinical neurosciences.

This year the INSI is pleased to honor Professor Robert MacLaren, for his outstanding contributions and pioneer work in the area of retinal diseases.

The INSI EOC in Lugano is the only Neurocenter in the Southern Italian speaking region of Switzerland and regroups all public institutions dealing with Neurology, Neuroimaging, Neurosurgery, Pain medicine and Ophthalmology encompassing the whole spectrum of neuroscience, in close collaboration with the USI and other Swiss and international universities.

Kind regards,

Prof. Dr. med. Alain Kaelin, PhD
Medical and Scientific Director INSI

PD Dr. med. Moreno Menghini
Head of Ophthalmology Clinic INSI
